

Culture Improvement Discussion

A facilitated conversation for senior leaders to assess their current culture, align around a shared vision for the future, and identify the actions that will strengthen engagement, leadership effectiveness, collaboration, and organisational performance

Context Driven. Action Focused

Facilitated by experienced Dale Carnegie consultants, the Culture Improvement Discussion provides a structured opportunity for leadership teams to step back and assess their culture.

We will work with you to discover:

- ✓ The cultural strengths that support business success
- ✓ What's helping or hindering performance and engagement
- ✓ Alignment between culture, strategy, and organisational goals
- ✓ Leadership behaviours that shape the employee experience
- ✓ Opportunities to strengthen collaboration and accountability
- ✓ Gaps between current and desired culture
- ✓ Priorities that will create meaningful cultural change

Understand Your Culture. Define Your Future.

Shared understanding of cultural strengths and challenges

Leadership alignment and clarity

Clarity on the behaviours that drive engagement and performance

Recommendations to accelerate culture change

A foundation for long term organisational success
